

# Middle-Brook Regional Health Commission

*Infection Control and Prevention Strike Team Presents*

## INFECTION CONTROL TRAINING FOR YOU

### ABOUT

#### PROJECT FIRSTLINE

Connects healthcare workers with infection control education and resources. The training equips participants with infection prevention best practices and CDC recommendations. Project Firstline addresses disparities in care while empowering healthcare workers to practice equity in all that they do.

### REACHING THE FRONTLINES

#### 1-HR TRAINING HIGHLIGHTS:

- Implicit Bias in Healthcare
- Concept of Infection Control and Recognizing Infection Risks
- Difference between Cleaning and Disinfecting
- Effective Hand Hygiene Practices
- Personal Protective Equipment Use and Demonstration

*\*Training can be modified upon request for one or more topics*
